## Recording page

- 1 Type of Consent to Obtain
- 2 Push button to start recording
- 3 Choose the type of note for generation
- 4 Location of the note generation
- 5 Delete the note permanently

The screenshot shows the Plume IA web application interface. The browser address bar displays 'https://app.plumeia.ca'. The page has a blue header with 'Home' and 'Consultation' tabs, and a '+ New consultation' button. The main content area is divided into several sections:

- Consent ?**: Contains two radio buttons: 'Consent given for recording patient' and 'Consent not required (Dictated note)'. A blue circle with the number 1 is next to this section.
- Recording**: Contains a 'Start the recording' button. A blue circle with the number 2 is next to this section.
- Generating note**: Contains a dropdown menu for 'Urgence', a text input for 'Note initiale', and a dropdown for 'Note generated' (set to 'English'). Below these are three radio buttons: 'Bulet list' (selected), 'Short sentence', and 'Complete sentence'. A text area for 'Additional guidelines for the note' is also present. A blue circle with the number 3 is next to this section.
- Transcription**: A section with the text 'Transcript will be displayed here'. A blue circle with the number 4 is next to this section.
- Note**: A section with the text 'The note will be displayed here'. A blue circle with the number 5 is next to this section.

At the bottom left, there is a red button labeled 'Delete consult'.
